

The Archdiocese of Philadelphia, St. Charles Borromeo Seminary and FOCUS Parish present

Making Missionary Disciples

The Fellowship of Catholic University Students (FOCUS) is arguably one of the Church's most effective evangelization ministries, having transformed the lives of thousands of college students through an encounter with Jesus Christ in the heart of the Church. Now FOCUS is bringing their charism to parishes.

Drawing on twenty years of experience with hundreds of alumni who serve in parishes in RCIA, sacramental prep, adult faith formation, marriage ministry, youth and young adult ministry and more, **FOCUS Parish** is offering a workshop on how to form a culture of spiritual multiplication in your parish. It will be a day in which we learn how to put evangelization **theory** into **practice** in the daily life of parish ministry.

WORKSHOP TOPICS INCLUDE:

- How to incorporate FOCUS' Win-Build-Send model into the various aspects and ministries of a parish
- How to reach the disengaged who are in your pews as well as those not in the pews
- How to invite others into deeper friendship with Christ
- The art of intentional accompaniment
- Each segment will be followed by practical exercises and group discussion
