

The Office for the New Evangelization presents

MISSIONARY DISCIPLE SKILLS SERIES

Leading a Transformative Small Group

Every missionary disciple must have the skills to accompany others into personal friendship with Jesus more intentionally. One of those skills is the readiness to lead or facilitate a small group discussion. This workshop will enable facilitators to lead Catholic small groups effectively.

Topics:

- The power of small group discussions
- Preparing for an effective study
- Learn and practice specific skills:
 - Facilitating an encounter, not teaching
 - Generating an engaging conversation by keeping everyone on track, redirecting the discussion, etc...
 - Setting guidelines and expectations for your group

Who is this training for?

This training is for anyone who:

- Is leading a small group and wants to improve their skills.
- Wants to start leading a small group, whether in your family, the parish, or other mission field.
